

Atty. Docket No. USB 99 BB CNR URE/gf-kb

TECH CENTER 1600/2900

JUN 05 2002

RECEIVED

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re application of

GUICHARD et al.

Confirmation No. 9090

Serial No. 09/904,459

GROUP 1624

Filed July 16, 2001

Examiner Bruck Kifle

STABILIZED ACTIVATED DERIVATIVES  
OF CARBAMIC ACID, THEIR PROCESS  
OF PREPARATION AND THEIR USE FOR  
THE PREPARATION OF UREAS

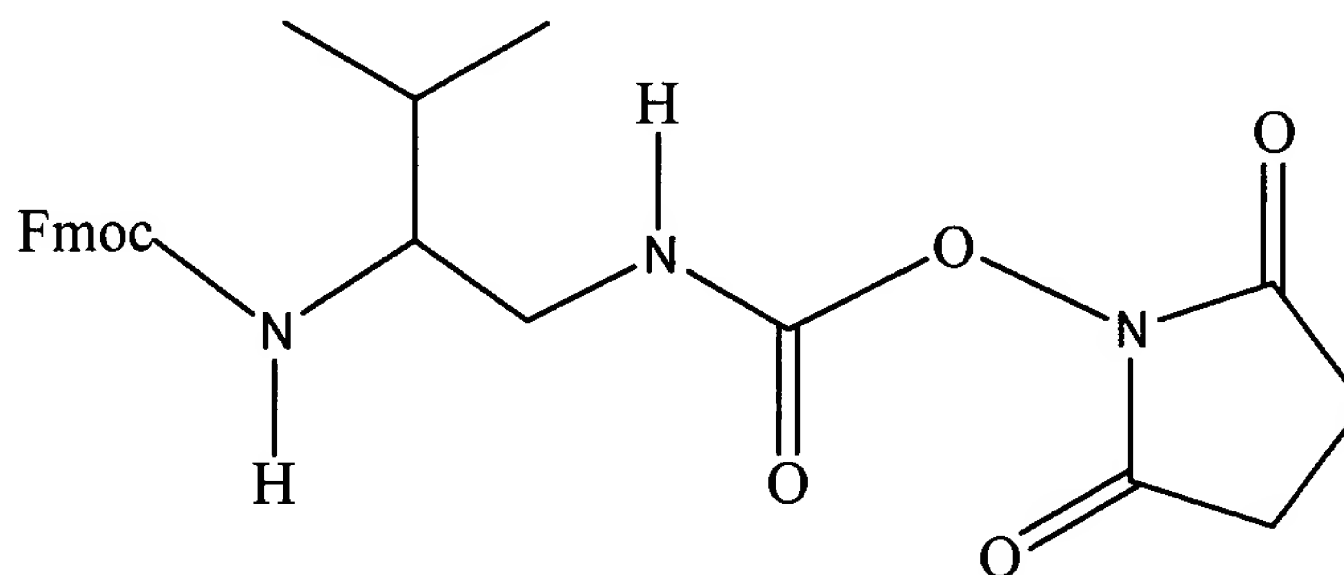

**RESPONSE TO ELECTION OF SPECIES REQUIREMENT**

Commissioner for Patents

Washington, D.C. 20231

Sir:

Responsive to election of species requirement set forth  
in the outstanding Official Action of May 1, 2002, Applicants  
hereby provisionally elect the compound as shown below, with  
traverse.

GUICHARD et al. S.N. 09/904,459

The formula corresponds to (III bis) with Y and  
to formula (I bis) with GP = FMOC,

N = 2,

R1 = R3 = H,

R2 = IPR,

X = oxysuccinimidyle.

The Examiner's attention is respectfully directed to page 96 of the present specification wherein the provisionally elected compound corresponds to Ii. It is respectfully submitted that claims 13-14 and 27-30 read on the provisionally elected species. Claims 1-9 and 12 correspond to generic claims.

The election of species requirement is traversed. It is respectfully submitted that the requirements set forth by the outstanding Official Action fails to establish that an unduly extensive and burdensome search is required. Thus, it is respectfully submitted that the election of species requirement is improper.

It is believed that Applicants are entitled to an action on the merits of the claims 1-39, in their full scope, in the present application. Such action is accordingly respectfully requested.

Respectfully submitted,

YOUNG & THOMPSON
